Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels are expected to remain Low across the UK on Thursday. However, some isolated pockets of Moderate pollution are possible in the north with cold conditions and light winds across Northern Ireland and Scotland.

Tomorrow: Low levels of air pollution expected Friday, away from any possible pockets of Moderate in northern and western parts of the UK close to urban areas and busy roads.

Outlook: Air pollution is set to remain Low across the UK through the weekend and into Monday. However, some areas are still at risk of isolated pockets of Moderate air pollution in urban areas or near busy roads where winds are light.
